

OFFICE OF THE MAYOR

LENNY CURRY
MAYOR

January 19, 2018

River City Science Academy
7565 Beach Boulevard
Jacksonville, FL 32216

Dear Students, Teachers, Faculty, Staff and Parents,

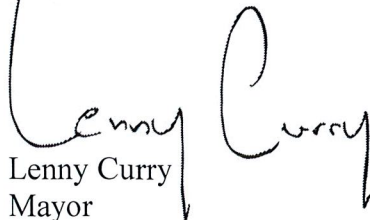

Congratulations to River City Science Academy on 10 years of providing STEM-focused (science, technology, engineering and math) learning to Jacksonville youth! As the City of Jacksonville observes School Choice Week, it is a pleasure to note the contributions of one of the exceptional offerings available to our young people.

Since opening its doors in the fall of 2007, RCSA has grown from two grades to four campuses serving students from kindergarten through grade 12 in various areas of Jacksonville. The Florida Department of Education has even recognized RCSA as Duval County's first high-performing charter school, and free tuition means this college- and life-preparatory school is accessible to all income levels.

As mayor, I believe that an investment in our children is an investment in our future. On behalf of the citizens of Jacksonville, I thank the RCSA family for its contributions in shaping the leaders of tomorrow.

Again, congratulations. To the faculty and staff, I wish you many more years in service to our youth. To the students, I look forward to seeing the many places your education will take you.

Sincerely,

Lenny Curry
Mayor
